FOREWORD

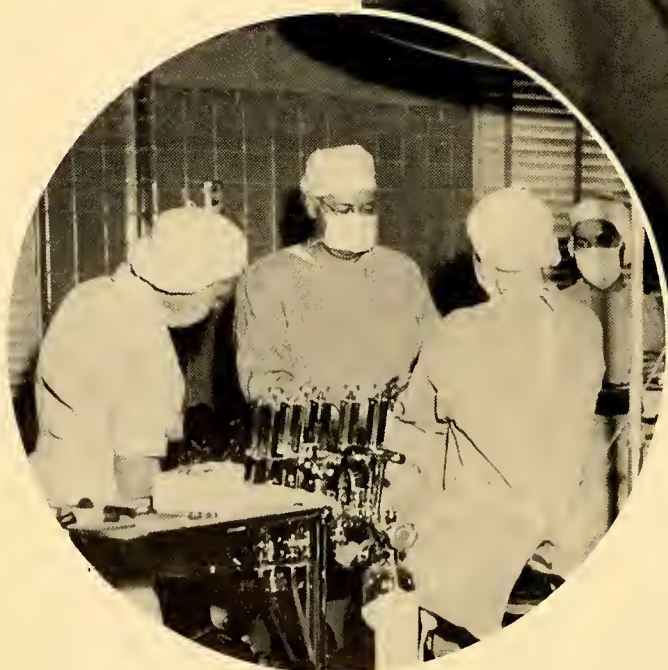

The annual staff has worked hard, has had great fun, and hopes you will like our 1959 Cap and Pin.

It has been a continuous process of checking and double-checking the spelling of names, drawing layouts, meeting the deadlines, helping the photographer make pictures, typing copy, proofreading, and has taken many hours of our off-duty time.

However, planning and editing the 1959 Cap and Pin has been one of the happiest experiences of our three years in training, and we hope you will find it a treasure chest of UNFORGETTABLE MEMORIES.

Unforgettable Memories

DEDICATION

To one who consistently puts the needs and welfare of his patients above material things;

To one who is ever ready to lend a helping hand in elevating the standards of nursing by his willingness to teach;

To one deserving more, expecting nothing, asking nothing in recognition of his excellence, we rejoice in dedicating this CAP and PIN to you,

To Our Mrs. Jessie Kiser

From the Class of 'Fifty-nine
Come praises to our advisor
Who stands at the front of the line
As the nurse we admire. . .Mrs. Kiser.

Through more than a thousand days
She has helped as we tried to progress,
Giving us insight to better ways
Of helping the ones in distress.

As class sponsor for three full years
She has worked with us hand in hand

In planning our dances, in calming our fears,
And in finishing tasks we had planned.

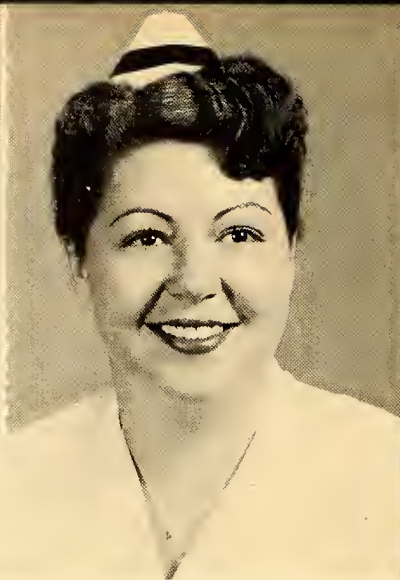

In our studies, day by day,
She inspired us, every one.

We hope that she can say,
"Although it was work, it was fun."

So here are our thanks, Mrs. Kiser,
For your talks, your encouragement,
And the hours that you gave as advisor. . .
We feel that it was time well spent.

CLASS POEM

"Adieux"- "auf Wiedersehen"- goodbye; They all say farewell--
Or if we may presume from them this phrase to borrow,
The poet's way is: "Parting is such sweet sorrow."
So now we come with hearts filled with joy and tears,
To say goodbye-
And to wish you well through all the years.

On farewells let us dwell no longer,
On things past and done.
The happiness we knew will be long remembered--
The unhappiness--better left unsung.
The accent now shifts--the load we must lift
To achieve the goal we have just begun.

May we face the challenge unafraid and undaunted;
May courage take hold of our lives;
May failures never o'ertake us--
But if they do--May we take them in stride.
May life always be kind to us;
May our faith come from the "Powers That Be"
May we face our mirror at the end of each day
And say, truthfully--
 "I have done my best"

And so---
Goodbye--"Adieux"--"Auf Wiedersehen"--God Bless Us All--
Farewell!

SENIOR CLASS HISTORY

On September 3, 1956, thirty-two girls read the banner hanging in the doorway of the East Nurses Home, "Welcome Freshmen."

Our first few months were spent in getting acquainted with one another and the nursing profession. The adjustments were great and in a short while a few of our girls discovered nursing was not all as picturesque and romantic as they had fancied, and chose other occupations.

The Freshman year was not all studying and classes. There were those memorable trips to the "Y" every other Monday night and who will ever forget our CAPPING! The annual Halloween carnival, Christmas Banquet and Dance, Valentine Dance, an occasional picnic and party, and various "other things" kept things from being dull.

Our Junior year started on September 6, 1957 when our blue bands were presented. We were excited and marvelled we had come this far in our training. This was a year of special service for most of us and a testing of our capabilities as a nurse. Pediatrics, Obstetrics, Diet Kitchen, Operating Room, and Psychiatric Affiliation at State Hospital in Raleigh, we had a taste of all. Looking back most of these services hold a soft spot in our hearts, but the one with fondest memories I believe is "Dix Hill."

Then came our Senior year and those black bands which are the dream of every student nurse. With the bands we began to feel the responsibilities that would be ours as a graduate nurse and we were both proud and scared.

Work on our annual was begun with enthusiasm and the determination to make it the best annual ever published at Cabarrus.

There are twenty-six students left out of the thirty-two who began classes with us in September of 1956, four of which have become mothers and will graduate later. Twenty-two seniors with mixed emotions of happiness and sadness will march down the aisle. The end of classes means we will be separated, each to make her own mark in life.

We salute Miss Harkey, our sponsors, instructors, and advisors who have helped us along our road to success and made our period of training happy and profitable.

JEAN BOND JONES, HISTORIAN

LAST WILL AND TESTAMENT

We, the celebrated Class of 1959 at Cabarrus Memorial Hospital School of Nursing, being in full possession of our minds on the twenty-third day of Janaury in the year nineteen hundred and fifty-nine do make this our last will and testament.
